This system is easy to use and will save you time; any questions please call Mrs. Reimer in the main office.

MOVING OVER THE SUMMER?

If you are moving over the summer into a new area/new school – you need to inform our main office. There is paper work that needs to be completed – our office is open during the summer break from 8:30am to 2pm and we are more than happy to assist or answer any questions.

Thank you.

Parent Council

Thank you to all the parents and family members who participated in Parent Council this year. We have a wonderful group and you are all greatly appreciated, thank you for your time and effort. It was also terrific to see new faces during the year. Our super secretary, Suman, is moving on, thank you so much for your work over the last couple years! You will be missed. To all returning Pearson families, have a great summer and see you in the fall. To all our graduating families, we wish you success in your next endeavors. Have a great summer. Mark your calendar now! Our first meeting of the new school year will be Monday, September 25th at 7pm.

2016-17 REPORT CARD DISTRIBUTION

The CBE will be engaging in yearly maintenance of our student data system in early July whereby families will not have access to Home Logic and final reports cards. As a result, we will be printing 100% of our report cards and require students to come in on Thursday June 29th for a special “Success Connect” homeroom from 12:00 – 12:15 pm.

If students are unable to attend this special homeroom, they can come to the Main Office from July 10 – 27th from 8:00 am – 12:00 pm to pick up their report card. Friends cannot pick up report cards for friends! ☺

Please bring your student identification as well.

**Change to Student ID Numbers Starting with Zero**

CBE Student ID Numbers that begin with the number zero will be changing. The number one will be added to the beginning of ID numbers that currently start with a zero. For example, student ID #000123456 will now be #1000123456. This minor change to some student ID numbers is necessary as the CBE begins to implement a new student information system. The change to affected student ID numbers will be made by August 7, 2017.

Students use their CBE ID numbers to log into CBE computers and a number of online CBE applications such as D2L and Iris.

Student passwords will not change and [Alberta Education Numbers \(ASN\)](#) will not change. We will notify anyone affected when the change is completed to minimize the interruption to students' online access during the summer and into the new school year.

The CBE is committed to protecting students' learning information.

Summer Fine Arts Opportunity at Forest Lawn High School

As you may know, the Calgary Arts Summer School Association and the CBE have a formal partnership which offers students ages 9-21 with a high level Musical Theatre experience. From July 4th – 12th 43 students will produce a full length musical. This year our musical, SAND, was written by one of our former students. This amazing experience includes acting, singing, dancing, set building and costume construction. This high level artistic endeavour is designed to challenge dedicated students and have them involved in a fast-paced learning environment. Students in grades 9-12 may also get credits for their participation in the experience and additional on-line work that they do. Don't miss out on this experience because of financial reasons...**scholarships are available to those who need them.**

If you are interested please go to the CASSA website and sign up for Musical Theatre Showtime. This year our show will be at Forest Lawn High School. www.calgaryartssummer.com

Thank you; hope to see you at CASSA.

Pearson Finance Club welcomes Dr. Gordon Higgins

Dr. Gordon Higgins was instrumental in providing “see” money in 2008 for us to run our Pearson Finance Club. Thanks to him and other donors our club has been in operation for 9 years straight.

Dr. Higgins shared with the club that Exchange Traded Funds (ETFs) is the best investment vehicle to park our “hard earned” money because it requires low maintenance and it's low cost. This strategy has been proven quite effective in the past 40 years when it was first introduced by John Bogle. Research has shown that “passive” investment beats funds that are actively managed.
